Tina,  
M&D removed a fence on the DD 72 project and after talking with the landowner (Luke Mannerter), Matt said that Luke didn't want the fence replaced or repaired. I requested that Matt get this in writing, similar to previous projects. Matt said that he and Luke were both busy, so he wanted to know if the attached screenshot of a text conversation would suffice for the District Trustees. Please throw this on the next drainage agenda so that they can decide.

Thanks,

**Lee Gallentine, P. L.S. & P.E.**
