

# Hardin County Drainage

Drainage Districts \DD 55-3 (51085)\DD 55-3 Lat 9(51244)  
WO00000134

# Work Order Detail Summary

**Requested By:** Scott Thompson  
**Email:** sthompson@countrylandscapes.com  
**Phone:** (319) 269-0076  
**Landowner:**  
**GIS #:** 86-22-01-300-006  
**Sec-Twp-Rge:** 01-86-22 SW

**Begin Date:** 3/15/2016  
**Status:** Open - Open  
**Description:** DD 55-3 Lat 9 - Scott wants to create a pond in the open waterway that runs through his property (Parcel A). He would do this by building a dam to the open waterway. Scott can meet out there to discuss if needed.

Expenses:				Contract/Estimate:
Date	ExpenseCode	Vendor	Description	Amount
5/6/2016	Legal	Craig, Smith & Cutler, LLP	LEGAL ADVICE	\$43.75
11/17/2017	Engineering	Clapsaddle-Garber Assoc	WTD 10/1/17	\$521.00
<b>Total:</b>				<b>\$564.75</b>

**Notes:**

3/16/16-Tina to check with Mike Smith is BOS able to approve or disapprove since improvement.

3/23/16-Lee and Mike both advise against. BOS declined request. Called Scott to inform. Will call Lee if he has questions.

1/23/17-Scott is concerned with the amount of erosion happening to the open creek in his property. He would like an impact study done as the new project will likely cause more erosion and issues. Scott will attend 1/25 mtg to discuss.

1/25/17-Scott to contact Mike Smith re: legality of converting drg ditch into pond and then to compile a rough draft of plans to present at landowner mtg scheduled for 2/22/17 at 12:15 pm.

2/22/17-BOS approve Scott to develop a site plan and design for further review by engineers (Ryken & County) and ot consult with the drg attny to draft a legal agreement with all expenses being paid by Thompson.

4/21/17-Scott says project is still a go. Should get permit from Army Corps around Sept time frame.

10/10/18-It was stated that activity was occurring at Thompsons location-dirtwork and tree removal.

10/26/18-Scott says he has fixed some erosion from Bunte's farm caused by the most recent project (took some soil back to Bunte's). He made a sediment basin and took out a couple trees, which was approved by secondary roads. (Karns is his neighbor.) No further work has been done on the pond as he's been busy with work.
