Tina and Becca,

Evidently Randy Brown is still in the area because he called me and asked if he should invoice the drainage district for his work on the two work orders that McDowell finished. I told him to go ahead and get you the bill ASAP. He also asked if there would be any more work this spring. I told him not yet. However, I would like the District Trustees opinion of using him again before he is assigned any other work orders. Just let me know if you have any questions or need anything else.

Thanks,
