This Notice of Privacy Practices describes how the Covered Entity may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information ("PHI"). "PHI" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical or mental health or condition and related health care services.

Hardin County is required to abide by the terms of this Notice of Privacy Practices. Hardin County may change the terms of this notice, at any time. The new notice will be effective for all PHI that Hardin County maintains at that time. Upon request, Hardin County will provide you with any revised Notice of Privacy Practices.

PERMITTED USES AND DISCLOSURES OF PHI

Your PHI may be used and disclosed by Hardin County for the purpose of providing or accessing health care services for you. Your PHI may also be used and disclosed to pay your health care bills and to support the business operation of Hardin County.

The following categories describe ways that Hardin County is permitted to use and disclose health care information. Examples of types of uses and disclosures are listed in each category. Not every use or disclosure for each category is listed; however, all of the ways Hardin County is permitted to use and disclose information falls into one of these categories:

1) Treatment:

Hardin County may use and disclose your PHI to provide, coordinate or manage your health care and any related services. This includes the coordination or management of your health care with a third party that has already obtained your permission to have access to your PHI. For example, Hardin County would disclose your PHI, as necessary, to a home health agency that provides care to you. Another example is that PHI may be provided to a facility to which you have been referred to ensure that the facility has the necessary information to treat you.

2) Payment

Hardin County may use and disclose health care information about you so that the treatment and services you receive may be billed to and payment may be collected from you, an insurance company or a third party. Hardin County may also discuss your PHI about a service you are going to receive to determine whether you are eligible for the service, and for undertaking utilization review activities. For example, authorizing a service may require that your relevant PHI be discussed with a provider to determine your need and eligibility for the service.

3) Healthcare Operations

Hardin County may use or disclose, as-needed, your PHI in order to support its business activities. These activities include, but are not limited to, quality assessment activities, employee review activities, licensing and conducting or arranging for other business activities. For example, Hardin County may use or disclose your PHI, as necessary, to contact you to remind you of your appointment or to provide information about alternate services or other health-related benefits.

Hardin County may share your PHI with third party “business associates” that perform various activities (e.g., billing, transcription services) for Hardin County. Whenever an arrangement between Hardin County and a business associate involves the use or disclosure of your PHI, Hardin County will have a written contract that contains terms that will protect the privacy of your PHI.

USES AND DISCLOSURES OF PHI REQUIRING YOUR WRITTEN AUTHORIZATION

Other uses and disclosures of your PHI will be made only with your written authorization, unless otherwise permitted or required by law as described below. You may revoke this authorization, at any time, in writing, except to the extent that Hardin County has taken an action in reliance on the use or disclosure indicated in the authorization.

Hardin County also may keep psychotherapy notes. These are given a higher degree of protection and cannot be disclosed without your express permission except to carry out certain treatment, payment, or health care operations including allowing the note taker to use them for treatment, using the notes for training programs, or using the notes in defense of a legal proceeding. You have the opportunity to specifically authorize disclosure of psychotherapy notes on the *Authorization for Release of PHI* form.

We will not use or disclose your PHI for marketing purposes without your written authorization unless the marketing is conducted through a face-to-face communication or involves a gift of nominal value.

We will not accept payment of any kind for your PHI without your written authorization. Sale of PHI is prohibited only as it is defined by law and does not include accepting payment for your treatment.

You may revoke an authorization at any time by notifying us in writing. If this should ever be the case, please be aware that revocation will not impact any uses or disclosures that occurred while the authorization was in effect.

Hardin County may use and disclose your PHI in the following instances. You have the opportunity to agree or object to the use or disclosure of all or part of your PHI. If you are not present or able to agree or object to the use or disclosure of the PHI, then Hardin County may, using professional judgment, determine whether the disclosure is in your best interest. In this case, only the PHI that is relevant to your health care will be disclosed.

1) Others Involved in Your Healthcare

Unless you object, Hardin County may disclose to a member of your family, a relative, a close friend or any other person you identify, your PHI that directly relates to that person's involvement in your health care. If you are unable to agree or object to such a disclosure, Hardin County may disclose such information as necessary if Hardin County, based on its professional judgment, determines that it is in your best interest. Hardin County may use or disclose PHI to notify or assist in notifying a family member, personal representative or any other person that is responsible for your care of your location, general condition or death. Finally, Hardin County may use or disclose your PHI to an authorized public or private entity to assist in disaster relief efforts and to coordinate uses and disclosures to family or other Individuals involved in your health care.
