Discussion about what entering the contract will entail. Discussion about how we will handle remaining outdoor pool inspections for the year since Jessica is not yet certified – IDPH says just get certified as soon as possible. Possibility of having another county (Black Hawk?) come shadow Jessica while she does the inspections, since technically their contract is lapsed.

Jessica will reach out to IDPH to see what the best course of action is for completing the remaining outdoor inspections for the year.

5. Public Input:

Tim and Jessica will be reaching out to the schools in Hardin County to schedule lead sampling. Estimated date of August 12<sup>th</sup>.

Tim brought up a broadcast he heard on the radio about the decibels of hand dryers and their effect on young children's hearing.

Joyce asked what progress has been made on finding a new Greenbelt director. There has been trouble finding a salary range for the position. Micah Cutler (Hardin County IT/GIS Director) will look at the publicly available salary survey to see what is listed for similar positions.
