PERMIT

HARDIN COUNTY, IOWA

For: Tiling, excavat	ing, filling or	making other p	hysical chan
Applicant		Telephone No.	
Location: Section Describe location and	Township		<u>. </u>
,			

IT IS HEREBY AGREED that all work authorized by the County will be done by the property owner. The property owner agrees to assume all liability. The applicant also agrees to maintain all work done and agrees to do such maintenance work upon notice of the County Engineer. The applicant also agrees that if the County must perform maintenance work on the above described construction, all costs will be paid for by the adjoining property owners. All work is to be done to the County Engineer's specifications and shall be approved by him. Modifications determined by the County Engineer, as noted on back of this permit. Permission is hereby granted by the downstream and/or adjacent property owner to perform said work.

Date Effected Property Owner

Said tile crossing is being constructed according to sound engineering principles; it is necessary to cross the road to provide an adequate drainage outlet.

Date SCS or Licensed Engineer

The applicant shall take all reasonable precaution during the construction operation or maintenance of said work, to protect and safeguard the lives and property of the traveling public, adjacent property owners and the County, including the erection of proper warning signs; to not interfere with or interrupt traffic on said highway and will return the entire roadway to its undisturbed condition to save the County, County Officials, and the Board of Supervisors harmless from any damage or losses whatsoever, including punitive damages and legal fees that may be sustained by the traveling public or adjacent property owners on account of such construction operations. Upon request by the County, applicant shall furnish proof of insurance or guarantees, bonds, etc. satisfactory to the County, including insurance company, policy number, type and amount of insurance and expiration date.

The County, County Officials, and Board of Supervisors assume no responsibility for damages of any kind, including punitive damages and legal fees, to the applicants property or that of others including fences and utilities occasioned by any construction or maintenance operations on said highways, including new or additional right-of-way acquired in connection therewith, subsequent to the building of said works. The applicant will also be responsible for locating in advance any previously constructed public or private utilities and shall notify said utility owner or company of his work plan and schedule.

The applicant will at any time subsequent to construction, and at his own expense, relay, remove, reconstruct or encase his works as may become necessary to conform to new grades, alignment or widening right-of-way, resulting from maintenance, improvement, or construction operations, irrespective of whether or not additional right-of-way is acquired in connection with such highway improve ment. However, the Board of Supervisors or their agent, will endeavor to give the applicant sufficient notice of any proposed construction or maintenance work, on either existing or newly acquired right-of-way, that is likely to expose, cover up, or disturb any works belonging to the applicant, in order that the applicant may arrange to protect his works. The Board of Supervisors will inform contractors, and others working on the job, of the location of the applicant's works so that reasonable care may be taken to avoid damaging them. However, the County and the Board of Supervisors assume no responsibility or liability for damage to applicant's property because of failure to give such notice.

Applicant agrees to comply with all these provisions and at no expense to the County or the Board of Supervisors. If the applicant is unable to comply promptly, the Board of Supervisors may cause the above provisions to be enforced, and the applicant will pay the cost thereof upon receipt of statement. Further, applicant shall reimburse the County or the Board of Supervisors for any expenditures that the County or the Board of Supervisors may have to make on said highway on account of said applicant's works having been constructed thereon. The County shall have no responsibility for providing an outlet or service now or any time in the future because of these works. All work shall be done in a workmanlike manner, and the ground and site of the work shall be left in a neat condition, satisfactory to the Engineer in charge.

I have read and understand the foregoing conditions which apply

Agreements:

Failure to abide by any stipulation may result in immediate revocation of the permit or denial of future permits. The applicant agrees that if granted a permit to do above-described work, the following stipulations shall govern:

- 1. The County may restrict any operations, including those that affect the health of the vegetation. Mowing of newly seeded areas that are not yet fully established shall not be permitted.
- 2. Mowing height shall be set so remaining cut stubble height is at least 6 inches.
- 3. The hay harvest period shall be as specified below. To request other periods, attach a description and purpose. July 15 September 1 for cool-season grasses and forage legumes (e.g., brome, tall fescue, alfalfa, birdsfoot trefoil) July 15 August 15 for areas containing warm-season native grasses (e.g., big bluestem, Indiangrass, little bluestem)
- 4. For haying, only one cutting per year shall be allowed for any portion of the permitted area. This excludes areas with warm-season native grasses.
- 5. All work on the right-of-way shall be performed between the hours of 30 minutes after sunrise to 30 minutes before sunset.
- 6. All personnel on foot in the highway right-of-way shall wear ANSI 107 Class 2 safety apparel at all times. Fluorescent yellow-green vests that meet the requirements for normal visibility conditions are available at the County Engineer's Office (two per applicant).
- 7. The operation shall be completed in a professional manner and the area shall be left in a neat condition upon completion.
- 8. No overnight parking of equipment near the right-of-way line shall be allowed. In no case shall equipment be parked closer than 50 feet from the edge of the traveled way.
- 9. Bales or stacks of harvested grass shall be stored as far away from the edge of the traveled way as possible. All harvested materials shall be removed from the rights of way within 3 days after being mowed. Harvested materials remaining after 7 days may be disposed of with the cost chargeable to the permit holder.
- 10. The applicant shall not engage in harvesting operations during periods when resultant wheel ruts would cause possible drainage, erosion, or compaction problems. Costs for repair by the County of such operations will be recovered from the applicant.

- 11. The applicant agrees to pay the County for damages to the right-of-way resulting from mowing or harvesting, including but not limited to damage to fences, signs, landscape plantings, other highway features, and drainage district tile. Right-of-way markers and land monuments shall not be removed, altered, or damaged.
- 12. This permit shall be subject to any laws now in effect or any laws that may be hereafter enacted and all applicable rules and regulations of local, state, and federal agencies.
- 13. The applicant is required to check with the County Engineer for herbicide application records and to follow any product label restrictions related to haying and feeding the hay to livestock.
- 14. The County makes no guarantee as to the quality and quantity of the hay, to the presence of any toxic materials, or to the contaminants that may be contained in the hay or other plant material harvested, and herein assumes no responsibilities to the applicant or users of hay or other plant material harvested from the right-of-way.
- 15. The applicant agrees to defend, indemnify, and hold harmless the County from any and all liability, loss, or damage that the County may suffer as a result of claims, demands, costs, or judgments against it arising out of the issuance of this permit or applicant's operations. The applicant acknowledges that all operations are at applicant's own risk.
- 16. The applicant agrees to submit proof of liability insurance.

Authorized County Representative

Local County Contact Person and Position

- 17. The applicant agrees to give the County forty-eight hours' notice of intent to start operations. Notification shall be given to the person noted below.
- 18. Any hay, grass, seeds, fruit or berries, nuts, plants or flowers, dried plants, cattail tubers, live woody material, dead woody material or logs, or other plant material identified under "Type of Operation (check all that apply)" above and obtained under this permit application, is for the use of the Applicant only. The Applicant is not allowed to sell such items to the public or to any other individual or entity.

Additional Stipulations: (For the County permit administrator to fill out)_____ Applicant Signature and Agreement We, the undersigned, are the owner or owners or designees (renters, property managers) of the property abutting the county road where the work is requested, as described in page 1. We have read and agree to the stipulations of this permit. We, the undersigned, are NOT the owner or designee of land abutting county road where work is requested, as described on page 1; however, we have contacted the abutting landowners or designees, and provide their signatures below or as attached statements to show they do not object to the activities requested in this permit. We have read and agree to the stipulations of this permit. Applicant(s) Relationship to abutting land: ______ Other Abutting Landowner or Designee Consent and Signature As an abutting landowner or designee to the proposed activity in this permit application, I do not object to the activities requested in this permit. Will people be restricted from the area until the search is completed?	Yes
Will the location where the fireworks display is conducted be wetted down after the fireworks display?	Yes
Will the operator and the permitee be covered by insurance for their fireworks display?	Yes

Iowa Code Section

lowa Code Section 331.304(9) and Section 727.2, allow fireworks permits but (1) only upon an application made in writing; (2) only to municipalities, fair associations, amusement parks, and other organizations or groups of individuals approved by the County Board of Supervisors; (3) and only when the fireworks display will be handled by a competent operator.

These two statutes do not allow a County Board of Supervisors to issue a permit to an individual person.

If your area is under burn ban on the planned date of your fireworks display, this permit is void.
