## Location & Description of Work

THIS PROJECT IS TO PLACE CABLE IN THE ROW OF 170TH ST & O AVE UNDER THE LIMITS OF HARDIN COUNTY STARTS AT GPS: 42.455365,-93.260753 AND ENDS AT GPS: 42.438727,-93.207299 PLACEMENT WILL BE DONE THROUGH BORING AND PLACING 2" INNERDUCT PULL 48 WS FOC WITHIN AND THE TOTAL LINEAR BURIED FIBER IS 20483' AND 85' CROSSING PLUS PLACING 14 NEW HANDOLE (24"X36"X24").

Work must be commenced within 120 calendar days of date of issuance of the permit. If construction has not commenced within the 120 calendar days, the permit is no longer valid and must be resubmitted.

### 1. LOCATION PLAN

An applicant shall file a completed location plan as an attachment to this Utility Permit Application. The location plan shall set forth the location of the proposed utilities lines and other infrastructure on the secondary road system and include a description of the proposed installation.

### 2. WRITTEN NOTICE

At least five (5) working days prior to the proposed installation, an applicant shall file with the County Engineer a written notice stating the time, date, location, and nature of the proposed installation.

### 3. INSPECTION

The County Engineer may provide a full-time inspector during the installation of all utilities lines and other infrastructure to ensure compliance with this permit. The inspector shall have the right, during reasonable hours and after showing proper identification, to enter any installation site in the discharge of the inspector's official duties, and to make any inspection or test that is reasonably necessary to protect the public health, safety, and welfare.

### 4. INSPECTION FEES

The applicant shall pay actual costs directly attributable to the installation inspection conducted by the County Engineer. Within thirty (30) days after completion of the installation, the County Engineer shall submit a statement for inspection services rendered. The applicant agrees to reimburse the county within thirty (30) days of billing.

**5. REQUIREMENTS**

The installation inspector shall assure that the following requirements have been met:

- A. Construction signing shall comply with the Manual on Uniform Traffic Control Devices
- B. Depth (Add additional depth if ditch has silted to the thickness of the deposited silt.) The minimum depth of cover shall be as follows:
 

Telecommunications.....	36"	Electric.....	48"
Gas.....	48"	Water.....	60"
Sewer.....	60"		
- C. The minimum height requirements for utilities lines and other infrastructure crossing above the roadway shall be twenty-two (22) feet at the highest point in the roadway. All other overhead wires shall comply with the applicable National Safety Code for vertical clearances.
- D. The applicant shall use reference markers in the right-of-way (ROW) boundary to locate utilities lines and other infrastructure and changes in alignment as required by the County Engineer. A permanent warning tape shall be placed one (1) foot above all underground utilities lines and other infrastructure.
- E. All tile line locations shall be marked with references located in the ROW line.
- F. No underground utilities lines and other infrastructure shall cross over a crossroad drainage structure without approval from the County Engineer.
- G. Residents along the project route shall have uninterrupted access to the public roads. An all weather access shall be maintained for residents adjacent to the project.
- H. After construction, granular surfacing shall be added to the road by the applicant to restore the road to its original condition. After surfacing has been applied, the road surface shall be reviewed by the County Engineer once the road has been saturated, to determine if additional surfacing on the roadway by the applicant is necessary.
- I. All damaged areas within the ROW shall be repaired and restored to at least its former condition by the applicant or the cost of any repair work caused to be performed by the county will be assessed against the applicant.
- J. Areas disturbed during construction which present an erosion problem shall be solved by the applicant in a manner approved by the County Engineer.
- K. All trenches, excavations, and other areas that are knifed shall be properly tamped.
- L. All utilities lines and other infrastructure shall be located between the bottom of the backslope and the road shoulder, unless otherwise approved by the County Engineer prior to installation.
- M. Road crossing shall be bored. The depth below the road surface shall match the minimum depth of cover for the respective utilities line and other infrastructure.

**6. NON-CONFORMING WORK**

The County Engineer may halt the installation at any time if the applicant's work does not meet the requirements set forth in this Utility Permit Application.

**7. COUNTY INFRACTION**

Violation of this permit is a county infraction under Iowa Code Section 331.307, punishable by a civil penalty of \$100 for each violation. Each day that a violation occurs or is permitted to exist by the applicant constitutes a separate offense.

**8. HOLD HARMLESS**

The applicant shall save this county harmless of any damages resulting from the applicant's operations. A copy of a certificate of insurance naming this county as an additional insured for the permit work shall be filed in the County Engineer's Office prior to installation. The minimum limits of liability under the insurance policy shall be \$1,000,000.

**9. PERMIT REQUIRED**

No applicant shall install any utilities lines and other infrastructure unless such applicant has obtained a Utility Permit from the County Engineer and has agreed in writing that said installation will comply with all ordinances and requirements of the county for such work. Applicants agree to hold the county free from liability for all damage to applicant's property which occurs proximately as a result of the applicant's failure to comply with said ordinances or requirements.

**10. RELOCATION**

The applicant shall, at any time subsequent to installation of utilities lines and other infrastructure, at the applicant's own expense, relocate or remove such utilities lines and other infrastructure as may become necessary to conform to new grades, alignment, or widening of ROW resulting from maintenance or construction operations for highway improvements.

**11. APPLICATION FEE**

An application fee in the amount of \$10,000 is due at the time of filing the application. This fee shall apply to infrastructure entering or crossing, whether upon, beneath, or suspended above, any county property or right-of-way. The fee shall not apply to public utilities as defined by Iowa Code 476.1(3) (2022); and shall not apply to infrastructure that is owned by adjacent landowners. The term "landowner" shall not include lienholders, tenants, easement holder, person or agents with power-of-attorney.

**By signing below, the applicant agrees to having read the requirements of said permit.**

# RESOLUTION TO VACATE A COUNTY ROAD

*Hardin County  
Resolution No. 2023-09*

**WHEREAS**, A public hearing was conducted on March 6<sup>th</sup>, 2023 following a publication and service of notice as required by law on the proposed vacation and closure of a section of Hardin County Secondary Road, described as follows:

A The unnamed road established by Hardin County Supervisors on March 6th, 2002, by resolution #2002-08 and more particularly described as follows:

75.00 feet north of and 55.00 south of the following described centerline:  
Commencing at the South One-quarter Corner of Section Three (3), Township Eighty-eight (88) North, Range Nineteen (19) West of the 5th P.M. Hardin County, Iowa; thence North 1492.00 feet along the east line of the SW ¼ of said Section Three (3) to the Point of Beginning; thence West 1100.00 feet; except the existing Road Right-of-Way of County Hwy S-56 and 170th Street.

The intention of this road closure is to vacate the entire segment of public road right-of-way of the unnamed road lying west of the right-of-way line of County Highway S56.

**Easement access rights shall be granted to all existing utilities on said described road vacation to allow access to their current facilities, now and in the future, for maintenance, repair, patrol, operation, and reconstruction to said facilities.**

**WHEREAS**, No objections have been received, either in writing or by persons present.

**NOW, THEREFORE BE IT RESOLVED** by the Hardin County Board of Supervisors that the subject section be ordered vacated and closed.

Passed and adopted this 13<sup>th</sup> day of March, 2023.

**RESOLUTION 2023-10**

**WHEREAS**, the Board of Supervisors, hereafter referred to as “the Board”, believes the project FM-C042(111)--55-42, hereafter referred to as “the project” is in the best interest of Hardin County, Iowa, and the residents thereof. The project is defined as County Highway D65 from Hamilton County Line to US Hwy 65; and

**WHEREAS**, the Board has sought appropriate professional guidance for the concept and planning for the project and followed the steps as required by the Code of Iowa for notifications, hearings, and bidding/letting; and

**WHEREAS**, The Board finds this resolution appropriate and necessary to protect, preserve, and improve the rights, privileges, property, peace, safety, health, welfare, comfort, and convenience of Hardin County and its citizens, all as provided for in and permitted by section 331.301 of the Code of Iowa; and

**IT IS THEREFORE RESOLVED** by Board to accept the bid from Mathy Construction Co. in the amount of \$2,927,565.93 and awards the associated contract(s) to the same;

**BE IT FURTHER RESOLVED** that all other resolutions or parts of resolutions in conflict with this resolution are hereby repealed. If any part of this resolution is adjudged invalid or unconstitutional, such adjudication shall not affect the validity of the resolution or action of The Board as a whole or any part thereof not adjudged invalid or unconstitutional. This resolution shall be in full force and effect from and after the date of its approval as provided by law; and

**BE IT FURTHER RESOLVED** by the Board of Supervisors of Hardin County, Iowa, that after receiving the necessary contract documents, including but not limited to, the contractor’s bond and certificate of insurance, Taylor Roll, the Engineer for Hardin County, Iowa, be and is hereby designated, authorized, and empowered on behalf of the Board of Supervisors of said County to execute the contracts in connection with the afore awarded construction project let through the DOT for this county.

Re: Increase in Commissioner pay

Dear Board of Supervisors,

This is a formal request to increase commissioner meeting pay from 35.00 to 50.00 starting July 2023. The increase is reflected in the budget for FY 23-24. There has not been an increase in many years and the increase is much deserved.

Thank you for your consideration on this matter,

Janetta Buck

Re: Request for Community Betterment Funds

Dear Board of Supervisors,

This is a request to utilize community betterment funds for 3 outreach events this summer. HC VA will be hosting Nachodaddyz taco truck in Iowa Falls (June 28), in Ackley (July 19<sup>th</sup> ), and Eldora (August 30) from 7-10. Our goal is to let veterans know I am here and ready to help them get connected to the benefits they are entitled to. Myself along with my commissioners will be providing information and literature to veterans stopping by for a breakfast taco. Our hope is that the time will allow younger veterans to stop on their way to work. The PACT Act has drastically increased the benefits Gulf War Veterans are entitled to and this is one way to make them aware of the new benefits available.

We are requesting 800.00. Any unused funds will be returned.

Thank you for your consideration,

Janetta Buck

CONGRESSWOMAN  
**ASHLEY HINSON**  
SERVING IOWA'S FIRST CONGRESSIONAL DISTRICT

## Community Project Funding

### Background

Limited Community Project Funding (CPFs) opportunities are available for the 118<sup>th</sup> Congress. Generally, CPFs provide the ability for Congress to direct a specific amount of funding toward a state, locality, or congressional district within larger appropriations (federal spending) legislation.

This process provides Members of Congress with input over spending on eligible projects, rather than deferring to bureaucrats in the Executive Branch to make these decisions.

Several new reforms are in place to guarantee congressionally directed funding targets projects with genuine need. These include:

- Online-only requests
- Early public disclosure
- No Member financial interest in projects
- Cap on overall funding and number of Member requests
- Mandatory audits of projects
- Clear federal nexus
- Certain eligibility prohibitions to protect taxpayers

With clear reforms and transparency measures in place, Congresswoman Hinson is accepting submissions for CPF requests from eligible entities based in the district she represents (IA-02).

### Community Project Funding Requirements

#### Basic Information

- Members are limited to **15** Community Project Funding requests in total.
  - This means Congresswoman Hinson will only be allowed to submit *up to 15 CPFs in total*, across all Appropriations bills.
- Only projects with demonstrated community support will be considered for federal funding. Members will be required to present to the House Appropriations Committee evidence of community support that were compelling factors in their decision. Examples of this include:
  - Letters of support;
  - Support from news articles or press articles highlighting the need for the requested Community Project Funding;
  - Resolutions passed by city councils or boards.
- Only state and local governments and qualifying 501(c)(3) nonprofits may apply.
  - Local Governments: If a local government is requesting, it must demonstrate that it can carry through on the project. For example, many states have established lists or intended use plans with approved infrastructure projects.

## Eligible Project Details and Planning

- Each project request must be for federal fiscal year 2024 **only**.
- Local entities should be working projects fully into their budgets without federal support, as making a request does not guarantee it will be fulfilled.
- Several federal programs eligible for Community Project Funding requests require a state or local funding match for projects.
  - The Committee will **not** waive these matching requirements for Community Project Funding requests. In order to make a request for a project requiring a community match, a local entity *must* be able to provide evidence to Congresswoman Hinson's office of this match ability.
  - For matching requirements, money must be in hand prior to requesting a grant.
- Letters of support are required for all requests.
  - These letters can be from community leaders, local businesses, etc., and should be addressed to:

Congresswoman Ashley Hinson  
U.S. House of Representatives  
1717 Longworth House Office Building  
Washington, DC 20515

- Letters should not be mailed, but rather, *must be emailed to:*  
[IA02.Approps@mail.house.gov](mailto:IA02.Approps@mail.house.gov)
- **Requests are not guaranteed under any circumstance.**
  - Making a request to the Office of Congresswoman Hinson does not guarantee it will be submitted for inclusion, that if submitted it will be accepted by the Committee, or that it will be in a final Appropriations bill.
  - Further, if a request *does* make it into an Appropriations bill, it may not become law if Congress fails to pass the Appropriations bill in time. For example, if Congress must pass a continuing resolution to keep the government open, CPF requests would be nullified.

## Submitting Community Project Funding Requests

Of the 12 annual Appropriations bills, only 7 will be eligible for Community Project Funding.

Of the 7 bills that are eligible, only selected accounts are open for CPF requests. There is a change in open accounts from previous years.

Congresswoman Hinson and her office have no influence over which accounts are open and can only accept requests for the accounts listed by the Committee.

**To submit a request, you must fill out this form online:**

<https://forms.office.com/g/V2HJNVpgqq>

Supporting documentation must be sent to [IA02.Approps@mail.house.gov](mailto:IA02.Approps@mail.house.gov).

**Deadline:** All requests must be submitted by **5:00 pm CT on March 15, 2023**. No exceptions will be made.

All questions should be directed to the Office of Congresswoman Hinson at **(202) 225-2911**.
