<b>Random Inmate/Resident/Detainee Interviews</b>	
35. Enter the total number of <b>RANDOM INMATES/RESIDENTS/DETAINEES</b> who were interviewed:	14
36. <b>37. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?</b>	<p>The auditor conducted interviews with random and targeted inmates. The in-house inmate population on the first day of the onsite review was 59. All reasonable efforts were made to conduct the required number of targeted inmate interviews. The auditor selected additional inmates from the available targeted populations and increased the number of random inmate interviews to ensure that the appropriate numbers of inmates were interviewed. There was a total of 16 formal inmate interviews conducted. The auditor selected inmates randomly by using a full roster provided at the beginning of the on-site review. Interviews were conducted with at least one inmate for each living area of the facility.</p>
<b>38. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?</b>	<p> <input checked="" type="radio"/> Yes  <input type="radio"/> No         </p>

<b>Targeted Inmate/Resident/Detainee Interviews</b>	
<b>40. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:</b>	<p>2</p>

As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".

## SITE REVIEW AND DOCUMENTATION SAMPLING

### Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

**66. Did you have access to all areas of the facility?**

☒ Yes

☐ No

**Was the site review an active, inquiring process that included the following:**

☐ No

**68. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?**

### Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<b>72. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</b>	<input checked="checked" type="radio"/> Yes  <input type="radio"/> No

## SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

### Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

**74. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual abuse</b>	0	0	0	0
<b>Staff-on-inmate sexual abuse</b>	0	0	0	0
<b>Total</b>	0	0	0	0

**75. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:**

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
<b>Inmate-on-inmate sexual harassment</b>	0	0	0	0
<b>Staff-on-inmate sexual harassment</b>	0	0	0	0

### Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

Site Review Observations:

1. Observations during on-site review of physical plant

(a) HCCC policy states:

*"It is the intent of Hardin County to ensure that supervision and monitoring of the detained population is of utmost importance. Iowa State statute mandates that female staff is on duty at all times in facilities that house female inmates.

Since their last PREA audit, the average daily number of inmates was 50.

Since their last PREA audit, the average daily number of inmates on which the staffing plan was predicated was 50.

	<p>The Hardin County Correctional Center (HCCC) provided the following documents to assist the auditor in determining compliance with the standard:</p> <ol style="list-style-type: none"> <li>1. HCCC General Policy Section 17</li> <li>2. Juvenile Inmate Report</li> </ol> <p>Interviews:</p>

1. PREA Coordinator Interview
2. Juvenile Inmate Interviews

During the interview with the PREA Coordinator she indicated that they do not generally house juveniles. If necessary, Juvenile Inmates would be housed separate from adult inmates and sufficient space is available to keep Juvenile inmates separate in all areas of the facility.

During Juvenile inmate interviews they indicated that they have only been housed with other juvenile inmates and are kept separate from adults. They also indicated that they receive regular recreation separate from the adult inmates and they clear the halls before they go anywhere.

Site Review Observations:

1. Observations during on-site review of physical plant

(a) HCCC policy states:

*"With the exception of incidental contact under staff supervision, the following classes of inmates shall be kept separate by architectural design barring conversational and visual contact from each other. 1) Juveniles from adults. 2) Males from females.*

*50.13(1)d The following shall be kept physically separated. 1) Persons of who violence is reasonably anticipated. 2) Persons who are a health risk to others. 3) Persons of who sexually deviant behavior is reasonably anticipated. 4) Persons who the staff believes would be likely to be exploited or victimized.*

No Correctional Officer shall accept the person of or the responsibility for an arrested juvenile not falling into the above categories."*

(b) Juveniles are housed by themselves in the medical unit in individual cells. In an instance where an adult also needs to be medically housed, they would receive recreation separate from the Juvenile inmates and be under direct supervision of an officer.

In the past 12 months, the number of housing units to which youthful inmates were

<b>115.15</b>	<b>Limits to cross-gender viewing and searches</b>

Staff interviews confirmed that they announce themselves or will announce staff of a different gender prior to entering the housing unit</p>

Random inmate interviews confirmed they have not been strip searched or visual body cavity searched by a staff member of the opposite sex. Inmate interviews indicated that announcements by staff are being made when staff enter housing areas.

Interviews with random female inmates stated that “pat down searches are always conducted by female staff and they have access to regularly available programming which includes out of cell opportunities”.

Site Review Observations:

1. Observations during on-site review of physical plant

HCCC policy states:

*"1. Cross-Gender Viewing and Search Requirements*

*(a) Staff may not visually observe detainees while changing clothing or showering, but shall be present immediately outside the room with the door ajar to hear what transpires inside.*

*(b) Staff of the opposite gender must also announce their presence upon entering detainee living area.*

*(c) Staff of the same gender as the detainee should perform a pat search of a female detainee.*

*(d) All strip searches shall be performed by staff of the same gender as the detainee. In the case of an emergency, a staff member of the same gender as the detainee shall be present to observe a strip search performed by an officer of the opposite gender.*

*(e) Special care should be taken to ensure a strip search of a transgender detainee be performed in private.*

*2. Cross-Gender Viewing and Search Procedures*

*(a) See Section 20 of the General Policies "Search Policy".*

*3. Transgender Viewing and Search Limitations"*

(a) Hardin County shall not search or physically examine a transgender or intersex detainee for the sole purpose of determining the detainee's genital status. If the detainee's genital status is unknown, it may be determined during conversations with the detainee, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

In the past 12 months, the number of cross-gender strip or cross-gender visual body cavity searches of inmates was zero (0).

(a) Private areas were seen in Booking to conduct strip searches. During the on-site there was female staff available to conduct searches of female inmates. At least one female staff member is assigned to the facility at all times.

Pat-searches were observed during the onsite visit. Searches were conducted by appropriate staff, no issues were identified.

The number of pat-down searches of female inmates that were conducted by male staff was zero (0).

The number of pat-down searches of female inmates conducted by male staff that did not involve exigent circumstances was zero (0).

(b) The facility documents all strip searches however HCCC policy states staff will not conduct cross-gender strip searches or cross gender visual body cavity searches except in exigent circumstances or when performed by medical practitioners.

(c) HCCC policy states the facility implements policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Shower and toilet areas were observed in housing units and in booking. All had appropriate privacy screens and partitions. Camera views from control centers did not present any issues.

HCCC Policy requires staff to announce their presence when entering housing units with inmates of a different gender. Additionally, postings were seen throughout the facility to make inmates aware that both male and female staff may enter their housing area.

(d) HCCC policy states that inmates will not be searched or physically examined for the sole purpose of determining the genital status. If the inmate's genital status is unknown, the HCCC will initiate conversation with the inmate in a professional manner in a private setting in order to preserve confidentiality

(e) HCCC policy states that unless an emergency or other special situation exists, pat searches should be conducted by staff of the same gender as the inmate. All staff is trained how to conduct searches of transgender and intersex inmates in a professional manner and in the least intrusive manner possible that is consistent with security needs.

The Auditor concluded staff had been appropriately trained to conduct cross-gender searches and make opposite gender announcements when entering inmate housing units. Inmates can shower, change clothing, and use the restroom without nonmedical staff of the opposite gender seeing them do so. Staff has been trained to treat transgender and intersex inmates professionally and respectfully. The Auditor reviewed the agency's policies and procedures, training documents, shift rosters, made observations, and interviewed staff and inmates and determined the facility meets the requirements of this standard. Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant

	with this standard.

All stated they were unaware of any inmates like that.</p> <p>Site Review Observations:</p> <ol style="list-style-type: none"> <li>1. Observations during on-site review of physical plant <ol style="list-style-type: none"> <li>(a) HCCC takes appropriate steps to ensure that inmates with disabilities (including, for example, inmates who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) have an equal opportunity to participate in or benefit from all aspects of the agency's efforts</li> </ol> </li> </ol>

to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with inmates who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, HCCC ensure that written materials are provided in formats or through methods that ensure effective communication with inmates with disabilities, including inmates who have intellectual disabilities, limited reading skills, or who are blind or have low vision.

The Auditor reviewed the HCCC Intake Information. The information is provided to each inmate during the booking process. Inmate information is maintained in English and Spanish. The Auditor observed the agency's PREA posters in all facility areas. Agency posters include English and Spanish. In the event the facility receives an inmate who is blind or has low vision the facility ensures a staff member reads the PREA information to the inmate. Staff take appropriate steps to ensure an inmate with intellectual disabilities understands the agency's PREA information through a one on one session with the inmate.

Inmates who cannot read English or Spanish can benefit from the facility's PREA information through use of Language Link. The facility maintains a Language Link telephone in the intake area. The HCCC employs bilingual staff who can interpret for non-English speaking inmates. The PREA video is available in both English and Spanish. Each inmate is required to sign the acknowledgement form after receiving facility information and education.

(b) The HCCC takes reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect and respond to sexual abuse and sexual harassment.

(c) The HCCC refrains from relying on inmate interpreters, inmate readers or other types of inmate assistance except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety. Staff were interviewed and reaffirmed they would use Language Line Services, Inc. or another staff member to interpret with a limited English-speaking inmate.

In the past 12 months, the number of instances where inmate interpreters, readers, or other types of inmate assistants have been used and it was not the case that an extended delay in obtaining another interpreter could compromise the inmate's safety, the performance of first-response duties under §115.64, or the investigation of the inmate's allegations was zero (0).

Facility staff provided the auditor a tour of the facility. The auditor observed PREA posters and other material posted in housing units and various other common areas. All posted materials were maintained in English and Spanish. Additionally, inmate tablets and tablets are also available in English and Spanish.

The auditor concluded the agency provides information that ensures equal opportunities to inmates who are disabled. The agency takes reasonable steps to provide inmates who are limited English proficient meaningful access to all aspects of the agency's prevention, detection and response policies towards sexual abuse and

	sexual harassment. The auditor conducted a review of HCCC policies, procedures, training form, interviewed staff and inmates and determined the agency meets the requirements of this standard. Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant with this standard.

(b) The HCCC makes individualized determinations about how to ensure the safety of each inmate based on information gathered during the risk screening. Random staff interviews confirmed that all information gathered is used to ensure the safety of each inmate.

(c) When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, The HCCC determines the inmates housing assignment after review of the inmate records, assessments and an interview with the inmate.

(d) HCCC Policy requires that placement and programming assignments for each transgender or intersex inmate is reassessed monthly.

(e) HCCC staff meets with transgender or intersex individuals to discuss the inmate's own views with respect to his or her own safety and will give serious consideration when making facility and housing placement decisions and programming assignments.

(f) Transgender inmates at the HCCC are given the opportunity to shower separately from other inmates.

(g) The HCCC does not place lesbian, gay, bisexual, transgender, or intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status, unless such placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting such inmates. The HCCC does not have a dedicated unit or wing solely on the basis of identification or status.

	<p>The Auditor concluded staff is making individualized determinations when assigning inmate's housing, bed, work, programming and education assignments. The HCCC has appropriate policies, procedures and practices in place to protect vulnerable inmates from those identified as potential sexual abusers. The Auditor conducted a thorough review of policies procedures, classification records, screening questions, made observations, interviewed staff and inmates and determined the facility meets the requirements of this standard. Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant with this standard.</p>

##### (a) HCCC policy states:

The facility provides multiple internal ways for inmates to report easily, privately, and securely sexual abuse/harassment, retaliation by other inmates or staff for reporting sexual abuse/harassment, and staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse/harassment. The facility also provides at least one way for inmates to report the abuse/harassment to an outside public entity or office not affiliated with the agency that has agreed to receive reports and forward them to the facility head, except when an inmate requests confidentiality.

Staff accepts reports made verbally, in writing, anonymously, and from third parties and immediately puts into writing any verbal reports.

The HCCC provides information that discuss how to report sexual abuse, sexual harassment and retaliation. Inmates are provided and sign for a HCCC PREA Brochure at intake which states:

The Hardin County Correctional Center (HCCC) provided the following documents to assist the auditor in determining compliance with the standard:

1. HCCC PREA Policy
2. HCCC Grievance Policy
3. Emergency Grievance Documents

### Interviews:

1. PREA Coordinator
2. Random Staff Interview
3. Random Inmate Interviews

Interviews with random inmates and staff confirmed multiple ways an offender could report allegations of sexual abuse or sexual harassment including submitting a grievance. None of the inmates interviewed indicated they had filed a grievance regarding an allegation of sexual abuse or sexual harassment.

The PREA Coordinator explained during her interview that all inmate grievances regarding PREA came to her for a final decision and understood the timeframes for responding to a PREA related grievance.

### Site Review Observations:

1. Observations during on-site review of physical plant

The Hardin County Correctional Center does not impose a time limit on when an inmate may submit a grievance regarding an allegation of sexual abuse. Hardin County does not require an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse and ensures that an inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint, and such grievance is not referred to a staff member who is the subject of the complaint. Hardin County issues a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance. Third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, are permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse, and are also be permitted to file such requests on behalf of inmates. Hardin County has established procedures for the filing of an emergency grievance when the inmate is subject to a substantial risk of imminent sexual abuse. After receiving an emergency grievance alleging a substantial risk of imminent sexual abuse, Hardin County immediately forwards the to a level of review at which immediate corrective action is taken, and provides an initial response within 48 hours, and issues a final agency decision within 5 calendar days. The initial response and final agency decision documents Hardin

	<b>Auditor Discussion</b>

The Hardin County Correctional Center (HCCC) provided the following documents to assist the auditor in determining compliance with the standard:

1. HCCC PREA Policy HCCC PREA Policy

Interviews:

1. PREA Coordinator
2. HCSO (Investigator) Interview

The PREA Coordinator and HCSO Investigators indicated that administrative investigations are completed by the HCCC and that criminal investigations are turned over to the HCSO and that the HCCC cooperates fully and provides all documentation to outside investigators. The PREA Coordinator stated that any physical evidence pertaining to a criminal investigation would be collected by the HCSO. Interviews confirm that the credibility of an alleged victim, suspect or witness is on an individual basis and not on the basis of that individual's status as an inmate or staff.

Site Review Observations:

1. Observations during on-site review of physical plant

(a) HCCC policy ensures that an administrative or criminal investigation is completed for all allegations of sexual abuse and sexual harassment.

(b) HCCC investigators receive specialized training in sexual abuse investigations as required by 115.34.

(c) HCSO Investigators will gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator. All of the internal reports will be provided to the HCSO as soon as possible.

(d) The HCSO is responsible for the criminal investigations that maybe referred for prosecution.

The number of substantiated allegations of conduct that appear to be criminal that were referred for prosecution HCCC's last PREA audit was zero (0)

(e) The HCCC investigates all allegations of sexual abuse and refer matters to the HCSO as warranted.

(f) HCCC conducts administrative investigations in an effort to determine whether staff actions or failures to act contributed to the abuse. All reports include a description of the physical evidence and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and finding.

	<p>(g) HCCC staff provides to the HCSO for criminal investigations a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible.</p> <p>(h) The HCCC retains all written reports referenced for as long as the alleged abuser is incarcerated or employed by the agency, plus five years.</p> <p>(i) HCCC policy states the departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation.</p> <p>(j) Auditor not required to audit this provision</p> <p>(k) HCCC staff provides all of the internal reports to the HCSO as soon as possible following an allegation. The HCCC cooperates with HCSO as requested.</p> <p>The Auditor determined that HCCC investigators conduct appropriate, objective and thorough sexual abuse and sexual harassment investigations. Facility Investigators have received appropriate training to conduct sexual abuse and sexual harassment investigations in a confinement setting. Each allegation including sexual harassment and sexual abuse is investigated by a trained facility Investigator. The facility referred all criminal allegations to the HCSO for criminal investigation. The Auditor reviewed facility policy, procedures, investigative records, training records, interviewed staff and determined the facility meets the requirements of this standard. Any contracted personnel or volunteer who engages in sexual abuse shall be prohibited from contact with inmates and shall be reported to applicable local law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies.

In the past 12 months, the number of contractors or volunteers reported to law enforcement for engaging in sexual abuse of inmates was zero (0)

The facility will take appropriate remedial measures, and shall consider whether to prohibit further contact with inmates, in the case of any other violation of HCCC policies by contracted personnel or volunteers.

Volunteers and contract staff are made aware of the agency's sexual abuse and sexual harassment policies during their initial orientation. Training is provided to contractors and volunteers by facility personnel. At the completion of their training each signs an acknowledgement form noting their understanding of the provided training. The training educates volunteers and contract staff that violations of sexual abuse and sexual harassment policies are subject to removal as well as criminal prosecution. The Auditor verified all volunteers and contractors received the training.

The HCCC maintains appropriate policies to ensure contract staff and volunteers at the HCCC are removed from inmate contact after committing an act of sexual abuse or sexual harassment. The Auditor reviewed the agency's policies, procedures, and training documents. Based upon the review and analysis of all of the available evidence, the auditor has determined that the agency is fully compliant with this standard.

## 2. Incident Reviews Documents

### Interviews:

#### 1. PREA Coordinator Interview

### Site Review Observations:

#### 1. Observations during on-site review of physical plant

(a) HCCC policy requires a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded.

In the past 12 months, the number of criminal and/or administrative investigations of alleged sexual abuse completed at the facility, excluding only "unfounded" incidents was 2.

(b) Reviews ordinarily occur within 30 days of the conclusion of the investigation.

In the past 12 months, the number of criminal and/or administrative investigations of alleged sexual abuse completed at the facility that were followed by a sexual abuse incident review within 30 days, excluding only "unfounded" incidents was 2.

(c) The review team includes upper-level management officials, with input from line supervisors, investigators, and medical and mental health practitioners

(d) The review team considers whether the allegation and/or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; gang affiliation; or other group dynamics at the facility. The review team examines the area of the facility where the incident occurred to assess whether physical barriers in the area may enable abuse. The review team assesses the adequacy of staffing levels in that area during different shifts and whether monitoring technology should be deployed or augmented to supplement supervision by staff.

(e) HCCC policy requires the implementation of recommendations or documents its reasons for not doing so.

The Auditor determined the facility does conduct incident reviews within 30 days of the conclusion of each substantiated and unsubstantiated sexual abuse investigation. The Incident Review Team documents the performance of each incident review. The Auditor reviewed the agency's policies, procedures, Incident Review reports, training records, investigative record and conducted interviews with staff.
